LAGREIN

Alto Adige DOC

Lagrein is a native grape variety. The wine is immediately recognizable by its deep, dark colour. It ripens late and grows best only on warm, gravelly alluvial soils. This produces a strong, dense red wine of a unique big-bodied type found only in South Tyrol. Its intensive, fruity aroma is underscored by floral nuances of violets.

VINE TRAINING SYSTEM Guyot and Pergel

FERMENTATION fermentation on skins in stainless steel followed by maturation in large wooden barrels

RECOMMENDED PAIRINGS game, dark meats, cheese

SERVING TEMPERATURE 16° - 18° C

SÜDTIROL

ALTO ADIGE
